

# SafestCellPhone™

## One Product for all Cellphones and many other devices ...

IPC is launching a new product - the SAFESTCELLPHONE™ second edition.

It is the same shape and thickness like as a credit card but just as bit smaller.

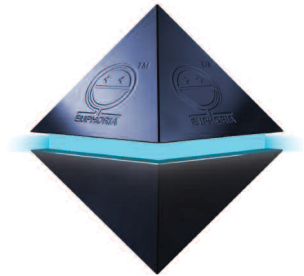

4.5 cm x 7.2 cm or 2 3/4" x 1 1/2"

\$ 395.00 plus shipping

The SafestCellPhone™ can easily be placed and secured between the cellphone and any protective case.

This same product can be used to reduce harmful electro magnetic fields, magnetic fields, and electric fields for: WiFi, Laptops, Computers, Tablets, iPads, Kindle, Nook, and more.....

The 2 opening on the top of the unit allow it to be attached to the power cables of WiFi, computer, laptops etc...

A cellphone needs an EMF (Electro Magnetic Field) to make it work. Without an EMF you can not make or receive any call or data transfer. EUPHORIA TECHNOLOGY™ developed by IPC converts the harmful EMF instantly into a pro-survival body friendly frequency.

Possible only with  
**Euphoria™  
Technology**

***Improve Your Life***

More products that will handle harmful frequencies and transform them into pro-survival frequencies that are being released now include products for: Smart meters, harmful magnetic and electric fields in the household and offices, Electric Cars.
