

SafestCellPhone SCP1000 Manual

4 year Warranty on effective EUPHORIA TECHNOLOGY™.
Tampering with the label or the product will void any warranty.

Cellphones

Place the new “SafestCellPhone” SCP1000 card between your cellphone and the protective case you are using. The side with the EUPHORIA TECHNOLOGY™ logo should be facing the inside of the protective case facing away from the phone.

Tablet, Kindle, Nook, and iPad

Place the new “SafestCellPhone” SCP1000 card between your device and the protective case you are using. If you know the position of the battery try to place the card on that area. The side with the EUPHORIA TECHNOLOGY™ should be facing the inside of the protective case. Tampering with the label or the product will void any warranty.

If using your device with an AC power cable - attach the “SafestCellPhone” SCP1000 card with 2 cableties, twisties, thread, using the 2 openings on the top of the “SafestCellPhone” SCP1000 card as fixpoints on the power cable as close as possible to the your device. See other photos for laptops, Wifi, and desktop computers where you will see the “SafestCellPhone” SCP1000 card attached to the power ac cords.

If you are not using a protective case

for your iPad, Tablet, Cellphone, Kindle, Nook, etc., please attach the “SafestCellPhone” card by means of an adhesive tape, not double sided tape. Place the “SafestCellPhone” SCP1000 card so that the EUPHORIA TECHNOLOGY™ logo is visible.
